EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mark Jacobs on October 7, 2003.

The application has been amended as follows:

A) In claim 4, line 12, after the word "battery" insert ---, wherein a coupling of said dynamo is between the rotatable wheel and said intermediate hub, whereby pedaling of the stationary bicycle causes the intermediate hub to rotate, and simultaneously said dynamo's rotatable wheel to rotate due its connection to the front derailleur, and to produce a current ---.

B) In claim 10, line 14, after the word "hub" insert --- wherein a coupling of said dynamo is between the rotatable wheel and said intermediate hub, whereby pedaling of the stationary bicycle causes the intermediate hub to rotate, and simultaneously said dynamo's rotatable wheel to rotate due its connection to the front derailleur, and to produce a current ---.

2. The following is an examiner's statement of reasons for allowance: The prior art discloses a bicycle pedal power system having a stationary bicycle, a dynamo with a housing, a fixed wheel and a rotating wheel and a battery system. However, the prior art fails to show, in combination with the invention, coupling a dynamo to an intermediate hub of a stationary bicycle, an interconnected crank and the front derailleur being connected to the intermediate hub, the housing of the dynamo having a fixed wheel containing a series of spaced mounted magnets and a rotatable wheel having mounted magnets and pedaling causes the intermediate hub to rotate and simultaneously the dynamo's rotatable wheel and the coupling of the dynamo being between the rotatable wheel and intermediate hub.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
